

2026학년도 전기 외국인 대학원생 연구인력 수요조사서

교수 소속 및 연구분야(Professor's Contact Details and Fields of Study)					지원금 및 장학 수혜금(Funds on the Research Assistantship and Support)				기타비(Other Expenses)	기타(etc)
인원명 (Name of Applicant)	연락처 (Contact No.)	이메일 (E-mail)	학부 (Department)	연구분야 (Field of Study)	지원금 A-B, 원 (Scholarship A-B, per month, KRW)	지원금 C-D, 원 (Scholarship C-D, per month, KRW)	기타 장학금 (Other Scholarship)	기타 장학금 (Other Scholarship)	기타비(Other Expenses)	기타(etc)
Namick Yoon	+82-62-220-6272	namick77@naver.com	Medical School	Cardiology/Arrhythmia	Experimental cardiology	\$500/Month, TRS after interview	\$1,000/Month, TRS after interview		TRS after interview	English MS preference
Ho Chul Sang Jaihae Kim Sang Geon Cho Ki Seong Park	+82-62-220-5646	sanggy@naver.com	Medicine or Medical Science	Nuclear Medicine	Radiopharmaceutical Drug Development for Neurodegenerative Diseases + Radiation safety and medical applications of nuclear imaging + AI driven analysis of multimodal medical data Medical AI brain imaging, nuclear medicine, PET/CT, dementia PET imaging + Basic research for brain disease using animal models Quantitative dynamic/static PET and SPECT image analyses in animal disease models + Dynamic Radionuclide cardiovascular imaging with compartment modeling Development and validation of AI driven medical technologies in healthcare + Integration of AI with nuclear medicine for advanced medicine + AI based drug discovery and design for novel therapeutics	1,200,000 KRW per month	1,500,000 KRW per month	none	MD, biology, chemistry, AI computer science	
Chang, Mincheol	+82-62-536-1171	mincheol33@naver.com	Engineering	Polymer Engineering	Sensor, Battery, Water purification		\$1,000/Month		Publication incentive	MS degree
Lee, Bong-Kee	+82-62-536-1685	bilee@chonam.ac.kr	College of Engineering	Mechanical Engineering	Multiscale molding and manufacturing	from \$800/month	from \$1,000/month		scholarship to receive additional scholarship from BK21 program; incentives for outstanding research achievement	English proficiency (TOEIC 700 or equivalent)
LEE DONG WHEON	+82-62-536-1684	mem@yu.ac.kr	College of Engineering	Mechanical Engineering	MEMS	1,500,000 KRW/Month	1,500,000 KRW/Month		Incentive based on the evaluation of research	BS or MS degree in Engineering or related fields
Kim Kyungghak	+82-52-530-3438	kyungghakim@yu.ac.kr	College of Engineering	Department of Artificial Intelligent Convergence	AI based Distributed Systems, Bigdata Platform, Software Defined Networking, Disaster Management System, Smart City, Blockchain, Intelligent Distributed System, Artificial Intelligence and Machine Learning Methods.	\$800/Month and more	\$1,000/Month and more		Depends on the performance, assistantship will be chargeing	Good Programming (SAPIC, C++, JAVA, Python), Good Mathematics, Good English writing/speaking/listening, Recommended Skills (Linux/Checker/Numermatics skills, Web service implementation skills, Android app implementation skills)
Hyung-Jeong Yang	+82-62-530-3436	hyang@yu.ac.kr	College of Engineering	Department of Artificial Intelligent Convergence	Bioinformatics, Pattern Recognition, Semantic web, Multimedia Data mining, Big Data Analysis Deep Learning, Medical data analysis	₩1,500,000 ~ ₩ 2,500,000/Month	₩1,500,000 ~ ₩1,000,000/Month		Machines, Incentive, Conference and Education Program	1. programming (SAPIC, C++, and JAVA, Python) 2. Company experience as a programmer 3. Good Mathematics knowledge. 4. English Writing and speaking skill
Lee Chaehee	+82-61-379-2885	ch31017@yu.ac.kr	Medical School	Nuclear medicine & AI convergence	Biomedical Imaging/Medical AI	\$1300/Month	\$1,500/Month		Publication incentives/ Conference attendance support	English fluency
Ilwoo Park	+82-62-220-5744	park@chonam.ac.kr	College of Engineering, College of Medicine	Dept. of Artificial Intelligence Convergence, Dept. of Radiology	Machine/Deep learning application to medical imaging and medical data (MRI, CT, mammography, x-ray, etc)	1,500,000-1,800,000 KRW/Month	1,800,000-2,000,000 KRW/Month		Incentives to paper publication, Computer, Tuition, International conference participation	Good programming skills and English Communication
Ga, Boam	+82-62-536-1807	boamga@yu.ac.kr	College of Engineering	Chemical Engineering	Process Modeling/Optimization, Multiscale Modeling, Computational Fluid Dynamics, Machine Learning	\$1200/month	\$1800/month		Travel cost and registration fees will be covered for presenting at conferences. Performance-based incentive rewards will be given depending on research achievement (publications, conference presentation, etc.)	Essential: BSc or MSc in Chemical Engineering or similar Engineering disciplines, Applied Mathematics, Chemistry or Physics, Desirable experience in numerical modelling, scripting in programming languages (MATLAB, python or equivalent), Experience in process modelling and simulation (using Aspen Plus, Hysys, gPRGMS or equivalent), Experience in fluid dynamics and transport phenomena
Daeheon Han	+82-62-530-1818	dhan@yu.ac.kr	College of Engineering	Chemical Engineering	3D/4D Printing, Smart Materials, Biomedting Engineering, Biomedical and Energy Devices	~\$1200/Month	~\$1,800/Month		Conference registration & attendance fee, Journal publication incentive	BS or MS in Chemical Engineering or similar Engineering disciplines
CHUN CHANGJU	+82-62-536-2944	chun1130@yu.ac.kr	Pharmacy	Pharmacy/Biopharmaceuticals	1. Delivery Carrier for biopharmaceuticals, 2. Dosage Formulation Design, 3.DDS and Delivery Carrier Development		₩1,000,000/Month		Tuition waive or tuition support/semester	If applicants have an eligibility for speaking and writing of English, they will be considerable for acceptance. Applicants need to have an energetic and creative passion and a social cooperation to make a team work.
Kim Sun Jo	+82-62-536-2932	sunjo@yu.ac.kr	Pharmacy	Pharmaceutical Analysis	Multicomics analysis in metabolic diseases		\$850/Month		Extra financial support if participated in additional projects	Bachelor's degree (or equivalent academic background) in Pharmacy, Chemistry, or Biology Proficient in English for research and academic communication (capable of writing papers and delivering presentations)
Chang, Tae Yoon	+82-62-536-3853	taeyoon21@yu.ac.kr	College of Natural Sciences	Department of Geological and Environmental Sciences	Marine Geology/ Sedimentology	\$800/Month	\$1,000/Month			
LEE SUNGJONG	+82-62-530-3371	sunjong1@yu.ac.kr	College of Natural Sciences	Chemistry	Organic Chemistry	6700/Month	\$1,000/Month			
Heon-woo, Lim	+82-62-530-3136	limho@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Literary criticism	Modern Korean Literature	\$720/Month	\$1150/Month			
Hyun-Mi, Bae	+82-62-530-3143	limbaek@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Literay	Modern Korean Literature	\$720/Month	\$1150/Month			
Eun, Jung	+82-62-530-3145	jojung@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / novel	Modern Korean Literature	\$720/Month	\$1150/Month			
Chae hyung, Cho	+82-62-530-3133	chochaehyung@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Medieval Korean	Korean Linguistics	\$720/Month	\$1150/Month			
Seungbin, Bae	+82-62-530-3147	sbbae@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Korean language teaching	Korean Linguistics	\$720/Month	\$1150/Month			
Hyung-Sun, Jo	+82-62-530-3132	joehyeung@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / semantics	Korean Linguistics	\$720/Month	\$1150/Month			
Jun Heon, Yi	+82-62-530-3148	mychoy@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / phonology	Korean Linguistics	\$720/Month	\$1150/Month			
Jeong Hoon, Yoo	+82-62-530-3142	honyoo@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Korean Literature and Culture	Korean Literature and Culture	\$720/Month	\$1150/Month			
Jun, Choi	+82-62-530-3139	chojun@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Korean Informatics	Korean Linguistics	\$720/Month	\$1150/Month			
Hyun-jong, Kim	+82-62-530-3135	bjkim2@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / the creation and application of narratives	Modern Korean Literature	\$720/Month	\$1150/Month			
Min-gu, Jeong	+82-62-530-3134	bjjeong@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / contemporary poetry	Modern Korean Literature	\$720/Month	\$1150/Month			
Byung-joung, Yoon	+82-62-530-3131	yoonbj@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Classical Korean poetry	Classical Korean Literature	\$720/Month	\$1150/Month			
ji-min, Bae	+82-62-530-3137	jiminb@yu.ac.kr	College of Humanities	Department of Korean Language & Literature / Classical Korean novels	Classical Korean Literature	\$720/Month	\$1150/Month			
Jhoon Kang	+82-61-639-7363	jhoonkang@yu.ac.kr	College of Engineering Sciences	Biomedical Engineering / Medical Imaging System	Medical imaging System	\$800/Month	\$1,300/Month		Research support	Bachelor's degree
Yong-Su Kwon	+82-61-639-7385	yskwon@yu.ac.kr	College of Engineering Sciences	Biomedical Engineering / Biomaterials	Nanomedicine, Ophthalmic Biomaterials	\$800/month average (tuition fee incl.)	\$1200/month average (tuition fee incl.)		Allowance will change according to the students scholarship statement, \$5 for a SCIE journal article or a project report	Bachelor's Degree, Language: English or Korean, Prerequisite course: Polymer science, Cell biology, Biomedical science Experimental Technical skills: Nanoparticle synthesis/surface functionalization, cell/animal testing, biological evaluation.
Gihyun Lee	+82-61-639-7388	glee@yu.ac.kr	College of Engineering Sciences	Biomedical Engineering / Neuro-rehabilitation	Intelligent Bio-signal Processing, Hemodynamic brain signal Engineering	\$800/month average (tuition fee incl.)	\$1,300/month average (tuition fee incl.)		Allowance will change according to the students scholarship statement, \$5 for a SCIE journal article or a project report	Bachelor's Degree, Language: English and basic Korean, Prerequisite course: Good communication, Computer Language skill MATLAB, Python, C, C++
Chang-Moon Lee	+82-61-639-7361	cmlee@yu.ac.kr	College of Engineering Sciences	Biomedical Engineering / Biomaterials	Biomaterials, Drug delivery system, Molecular imaging, Nanomedicine technology	\$1000/month average (tuition fee incl.)	\$1300/month average (tuition fee incl.)		Allowance will change according to the students scholarship statement, \$5 for a SCIE journal article or a project report	Bachelor's Degree, Language: English or Korean, Prerequisite course: Polymer science, Chemistry Experimental Technical skill: Nanoparticle preparation, Polymer chemical modification
Shin, Julia Jason	+82-62-536-2648	diagon@chonam.ac.kr	Social Sciences	Global Diaspora Studies	Global Diaspora Migration	\$800/Month	\$1,200/Month			TOPIC -level 3+ or higher
